---

Updated 2/26/2020

## 1) General Rules of Play

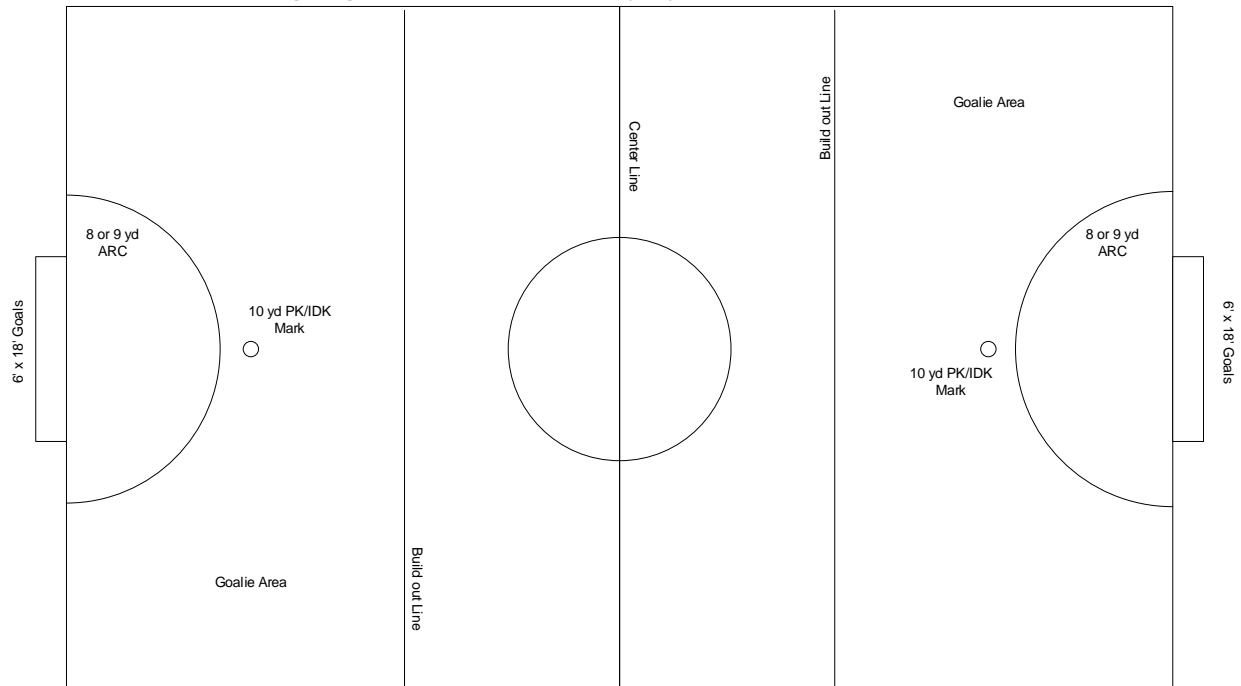

- a) Games will be played according to standard FIFA rules, except as noted elsewhere in these rules.
- b) All players must play the ball at all times and not the body. We need to avoid situations which could cause potential bodily injury. Playing from behind, tackle from behind, playing from the ground and/or overly aggressive play will not be tolerated. A yellow card will issued for this type of play.
- c) Slide tackling of any type is not permitted in this league. Offenses will result in the following actions by the referee:
  - i) Any "intentional" slide tackle, as well as any "from behind" slide tackle, will result in an issuance of a red card to the player performing the tackle. All red cards will be reviewed by the league representatives to determine if further punishment is warranted (see Rule 7).
  - ii) Players are allowed to slide at any time when there is no opponent making a play on the ball. Examples of permissible slide tackles include:
    - (1) Saving a ball from going out of bounds when an opponent is not near
    - (2) Saving a ball from crossing the goal line
    - (3) Sliding to play a pass or shot when in the clear
- d) Foul or abusive language directed at any other player or referee will result in an automatic red card for the player. All red cards will be reviewed by the league representatives to determine if further punishment is warranted (see Rule 7). Incidental foul language, if heard by the referee, may result in a yellow card to the offender, at the discretion of the referee.
